MILKIES SOFTIES CONTOURED NURSING PADS REVIEW

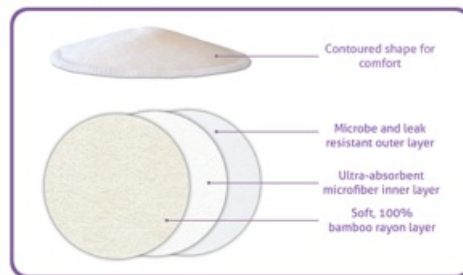

JUNE 6, 2016 / [ALLABOUTBABYSWORLD](#) / [LEAVE A COMMENT](#)

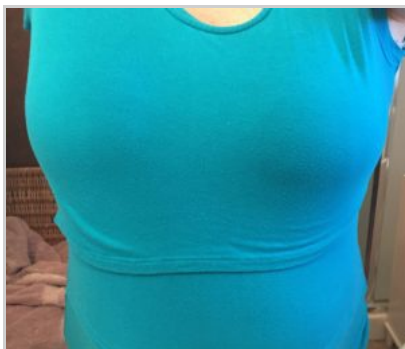

The last thing a nursing mom wants is to leak in public. Heck, no nursing mom wants to leak ever, but it happens. I dislike disposable nursing pads for a few reasons, one they are bad for the environment, two you have to keep buying them and three they don't feel nice on my nipples. I am one of the lucky ones who continues to leak even though my baby is 14 months old. Almost every time she nurses I leak from the side she is not nursing on. I was very excited to try the new [Milkies Softies Contoured Nursing Pads](#). Milkies Softies Contoured Nursing Pads are reusable nursing pads. Milkies has updated their softies nursing pads to add the contoured shape.

The contoured shape is supposed to give a better fit and be more comfortable. I have noticed with my other reusable nursing pads that I constantly have to adjust them. They slide a bit, don't stay in place and bunch up. My [Milkie's Softies Contoured Nursing Pads](#) do not have those issues. Because of the contoured shape they stay in place, do not bunch and don't slide around. I hate when I reach in to take out my breast pad and I can't find it! I have never had that problem with [Milkie's Softies Contoured Nursing Pads](#)!

[Milkie's Softies Contoured Nursing Pads](#) are made with 3 layers. The outer microbe layer is leak resistant and does not snag your clothes. The middle is an ultra absorbent microfiber layer and the inner layer that sits against your skin is a soft 100% bamboo rayon layer. This layer is really soft and feels great against my skin. When it gets wet and dries it does not adhere to my nipple as disposables do. I have always felt great when wearing my [Milkie's Softies Contoured Nursing Pads](#). The contour of the nursing pad helps to keep my nipple in the center which helps stop side leaks. Those are not fun!

with

[Milkie's Softies Contoured Nursing Pads](#) are reusable. I like to wash mine with my baby clothes. I wash them with my baby laundry detergent and dry them with my dryer balls. I do not need to do an extra load just for my [Milkie's Softies Contoured Nursing Pads](#), I toss them in with my baby clothes. Heavens knows I do at least one load of baby clothes per day!

I do not notice a big difference in my appearance when I wear my [Milkie's Softies Contoured Nursing Pads](#). When I nurse my baby I simply remove my [Milkie's Softies Contoured Nursing Pads](#), tuck it in my bra strap and nurse. When I am done it is super easy to put my [Milkie's Softies Contoured Nursing Pads](#) back in the right spot. The contours help me get it perfectly positioned. I can wear [Milkie's Softies Contoured Nursing Pads](#) at night as well. They are very absorbent. I love that I do not need to buy a day time nursing pad and a

night time nursing pad. Milkies Softies Contoured Nursing Pads is perfect for both day and night!

One pack of [Milkies Softies Contoured Nursing Pads](#) comes with 3 pairs, 6 nursing pads total. I would suggest starting out with 2 boxes, 6 pairs.

You can buy your [Milkies Softies Contoured Nursing Pads online for \\$14.95](#). If you buy 2 packs you pay \$13.48 each and if you buy 3 or more packs you pay \$12.99 each!
